# 2024 SPONSORSHIP PROGRAM

## CORPORATE SPONSOR BENEFITS

Maximize your involvement with BOMA Indiana by becoming a Corporate Sponsor. A sponsorship with BOMA Indiana provides an excellent opportunity for increased exposure to the organization's members. BOMA Indiana hosts a variety of social and networking events throughout the year, including the Trade Show in May and the Annual Meeting in December. These events serve as an excellent platform for developing successful business strategies. One of the greatest strengths of BOMA Indiana is the strong sense of community and collaboration between its Principal and Allied Members.

### Mailing List

Upon request, you will receive a membership list of all current local members for your marketing purposes. Our membership list is regularly updated to ensure accuracy, and we strive to provide you with the most up-to-date information possible.

### Two Event Registrations

We host dozens of networking events annually. With exclusive access to all BOMA events, two members of your company may attend events at no cost. You are encouraged to invite an Emerging Leader if your 2nd seat is not utilized.

### Two Memberships

You will receive two BOMA Indiana memberships and one BOMA International membership with your sponsorship. Having two representatives from your company will help increase your connection with members of the BOMA community.

### Membership Directory

Fellow members are searchable in a convenient-sized paper or online version of our directory. Your company logo is automatically included in the member directory, plus exclusive access to additional advertising.

### Website

Increase your company's visibility with your logo featured on the front page of the BOMA Indiana website and drive traffic to your own site with a direct link.

### Emails

Your company's logo will be featured on all Monday Memos, Friday Buzz, and weekly emails that are sent to non-members.
